career; however, his most straightforward statement about ideology appears in *The German Ideology*, which he wrote with Frederick Engels. Ideology itself represents the "production of ideas, of conceptions, of consciousness," all that "men say, imagine, conceive," and include such things as "politics, laws, morality, religion, metaphysics, etc." (47).

Introduction to Karl Marx, Module

the tribal form. Tribal society has no social classes but is structured around kinship relations, with hunting the province of men and domestic work the province of women.

Introduction to Karl Marx, Module on Stages of Development Modules on Marxism. THE MODULES in this section center around some of the Marxist theorists that have defined this critical school, including a set of modules on Marx himself. For obvious reasons, it makes sense to start with the modules on Marx, since subsequent critics often rethink many of Marx's central concepts.

Introduction to Karl Marx, Module on Capital. HUMAN SOCIETY'S ENTRANCE into capitalism occurred because of a transformation in the understanding of exchange-value and of labor. In a barter society, goods are exchanged in a way that directly relates one item to another by consideration of the "specific useful and concrete labour" used to produce the object (Marx, Capital 150).
