I won't call this a definitive technical manual for Gerry Anderson's UFO television series. Not by a long shot. What I will say is this book is a good reference for the various ships and bases of SHADO along with some sparse, but useful info about the alien invaders. However that's about all the technical info you get.

Thanks to All for the continue interest for "The Art of UFO Shado Technical File". Just I will say that I'm very busy now on a new project. I will put the book completely on-line and I will named it "The Art of UFO - SHADO Digital File". The work is very hard and long and I hope in some months to finish. Of course, the difference from the book is that the new version on-line is in colour.
